HOCKEY TEAM WAS DEFEATED IN CLOSE HARD FOUGHT GAME BY OTTAWA COLLEGE SEVEN

Six Games in Nine Days Proved too Much for the Red and White Squads as they had to Travel a Great Deal

THE TEAM DEFEATED YALE NEW YEAR'S NIGHT

The Boston A.A. Proved too Strong for the Weakened McGill Septette

(By our special correspondent.)
On Saturday night the Ottawa College Hockey team defeated the McGill seven in a close hard game in New York. The game was played in the St. Nicholas rink before a packed house and was exciting from start to finish. Rankin starred for McGill and it was while he was off the ice that Ottawa College succeeded in scoring enough goals to put them in the lead.

In the first half McGill scored two goals while Ottawa were unable to find the nets. In the second half Rankin was ruled off for tripping and Ottawa scored three goals in sixty seconds while he was absent from his position. Both teams then scored another goal apiece leaving Ottawa the winners by a margin of one goal.

The teams lined up as follows:—
McGill Ottawa
Mann . . . Goal . . . Derocher
Hughes . . . Point . . . O'Leary
Rankin . . . C. Point . . . Goodwin
Thompson . . . Centre . . . Brouse
Fawcett . . . Rover . . . Nagle
Forman . . . L. Wing . . . Dora
Sargent . . . R. Wing . . . Smith
The team only had four practices before they left so it was too much to expect that they would do well in their games and the fact that the games have been so close speaks well for the red and white team.

The first game was on the 27th of December with St. Michaels College, Toronto, and this game was played

on the new Arena in Toronto with which the team were very favorably impressed. This was a hard, close struggle and St. Michaels won by a score of 4-3. There was one unfortunate incident connected with this game and that was the fact that the game was called five minutes before time was up.

From Toronto the team went on to Haileybury where they played on Saturday, the 28th of December. This game was very close up till half time but, in the final period the home team proved too strong for Ramsay Rankins septette and finally won the game by the score of 6-3.

The team then travelled to Peterborough and played the C.H.A. team in that city on Monday the 30th. It was again a nip and tuck struggle but again the McGill team came out on the wrong side of the score for the Peterborough team won by two goals to one.

From Peterborough the team journeyed to Boston where they played Yale on New Years Night. Manager Roberts put his strongest team on for this game and they succeeded in winning their first game. It was a close, fast game and the New Haven septette surprised the critics very much by their excellent showing. The McGill team however won out by a score of 2-0.

On Thursday night the team played the hardest game of the trip against (Continued on page 4.)

THE UNION CHRISTMAS DANCE HELD LAST FRIDAY EVENING WAS MOST SUCCESSFUL EVENT

Two Hundred and Fifty Guests were Present at the Opening Event of the Undergraduate Social Season in the New Year

THE ORCHESTRA AND FLOOR WERE EXCELLENT

Energetic Execution Provided Splendid Programme for Edification of Dancers

On Friday night the Xmas Dance of the McGill Union took place and proved to be an immense success.

The building was tastefully decorated for the occasion and there were about two hundred and fifty guests present.

The floor was in excellent shape and the orchestra was very good while in addition to this the dance lasted longer than usual and this made it much superior to many of its predecessors as the one constant criticism of all McGill dances seems to be that they end too soon. It is to be hoped that in future the precedent established on Friday night will be followed.

Mrs. Peterson received, assisted by Mrs. Keay, Mrs. Eve, Mrs. Lafleur, and Miss Cartwright.

SERVING MANY MASTERS

The Emerald is criticised by Dr. F.
G. G. Schmidt for devoting too much
attention to athletics and by Profes-
sor H. C. Howe for devoting too lit-
tle. It lamely follows student opin-
ion, say some, and in the minds of
others gives altogether too much
space to promoting student enter-
prises.

That it caters to the faculty and is
under the thumb of the department
of journalism is asserted in some
quarters, while in others it is just
as severely taken to task for unbecom-
ingly criticising the faculty. Too
much sensationalism, says a college
woman; too tame, say some of the
men. And there you are.

The Emerald long ago came to the
same conclusion as did the farmer in
Aesop's fable of the man, his son and
the donkey, that the wisest course is
to use our own best judgment.

The Emerald recognizes the impos-
sibility of pleasing everyone, so it
takes its roasts good naturedly—well-
comes them in fact, for they are the
surest guides it has toward the golden
mean which marks success.—Oregon
Emerald.

The author who has named his lat-
est book "The Turnstile" evidently
expects a lot of people to get through
it.

THE MOCK PARLIAMENT

Although no announcement has as yet been made re-
garding the Mock Parliament, we take this opportunity
of expressing our views regarding it. This form which
the Literary and Debating Society takes for part of its
year has become so popular that it is practically a per-
manent institution. While its meetings in past years
have not always been as harmonious as might be wish-
ed, yet much that is of benefit has been derived from it.

Few colleges in Canada cultivate among their stu-
dents, opinions on public questions, to the same extent
as is done at McGill. One of the leading agencies in this
direction has undoubtedly been the Mock Parliament.
Discussion here is carried on in a form, serious enough
to study the merits of the question, and light enough to
afford interest to all present.

Undoubtedly the discussion this year will centre
around the Naval Question. Men at McGill have or
ought to have definite opinions on such an important
matter. Some men come to the University and are so
engrossed in their studies, that they become oblivious
to the world and its problems. It is to remedy this
state of affairs that the Mock Parliament was formed.

The "Lit" as a rule does not derive a great deal of
support from the students. Experience has shown, how-
ever, that when their meetings assume this more inter-
esting form, support is most generous.

We congratulate the "Lit" on their efforts in the
past, and we trust that they will receive as generous
support in the future.

At the same time we would issue a word of warning.
The Parliament of 1912 opened in a most encouraging
way. The attendance was much larger than it had been
in the preceding year. The interest of all Faculties
was centered on the struggle for power. It was com-
monly understood that the test for power was to take
place at the second meeting. There was placed on those
who were in charge a responsibility to conduct the pro-
ceedings without a hitch. But this is what they did not
do. Trouble arose for which there could be no excuse,
and which disgusted many of those present.

So we issue a warning, and remind those in charge
this year that a well conducted Mock Parliament is ap-
preciated, but a fiasco does more harm than good.

In Memorium

McGill University suffered a distinct loss in the
death of Mr. A. Guy Fisher, which occurred on December
22nd. Mr. Fisher was a member of the class of Arts
1913, and was one of the leading students of his class.
He was twenty years of age at the time of his death,
which took place after an illness of over two months.
In fact he had only attended two or three lectures of
the present session.

Arthur Guy Fisher was the second son of the late
Roswell T. Fisher, and a nephew of the Hon. Sidney
Fisher. Before entering McGill he was educated at the
Montreal High School, where he was a leading scholar.
In 1905 he won the Governor-Generals gold medal as
head boy of the second form. When matriculating to
McGill he stood among the leaders. The course he fol-
lowed was that of Honors in Political Economy. Last
year he won the MacKenzie scholarship in the same
subject.

Among his fellow students and with his professors
he was equally popular. He was treasurer of the Liter-
ary and Debating Society and a leading member of the
Liberal party in the Mock Parliament.

THE ERLY RISER.

"Did you come out well on Christ-
mas morning, Willie?"

"Yes, sir. I got more things than
any of my brothers or sisters."

"Indeed! How did that come
about?"

"I got up two hours before they
did."—Tit-Bits.

THE LACKING FACTOR.

Harriet was a very precocious lit-
tle girl. One evening a friend of the
family was asking her some questions
in mental arithmetic.

"How old would a person be who
was born in 1872?" he asked.

Harriet thought for a moment,
then, "Was the person a man or a
woman?"

HEAVYWEIGHT BOXER WANTED VERY BADLY BY B.W. AND F. CLUB

Regular Classes Recommen-
this Evening in the Gym-
nasium for Coming
Session

The Boxing, Wrestling and Fencing
Club will continue the regular class-
es starting to-day at 7.15 at the gym.
So far the prospects of the Club
have looked very bright, and if all
the members stick as hard to the
work as they have done up to the
present, McGill will be a very formid-
able competitor for Intercollegiate
honors.

As has always been the case in the
past, there is a scarcity of heavy-
weights in the boxing. In fact if
Hugh Jones and Crosley both make
the middleweight class—which they
will probably do,—there will be no
heavyweight at all. Donnelly, last
year's heavyweight, has been the vic-
tim of rheumatic fever, and is hard-
ly likely to be able to compete. Con-
sidering the number of heavy men
there are taking part in different
forms of athletics at McGill it seems
ridiculous that some should not have
given some of their attention to the
noble art of self-defence. Men of the
type of "Buster" Matheson, and Ran-
kin, after a month's hard practice,
would be formidable opponents to
any one Queen's or Toronto are like-
ly to find. Dunn, a promising look-
ing heavyweight, has most unfortun-
ately gone over to the ranks of the
M.A.A.A. Does he propose to oppose
McGill in the event of an M.A.A.A.
McGill meet? In any case, leaving
all sentiment aside, he would be a
far more useful man to McGill than
he can be to the M.A.A.A.

The recent novices competition
showed up a lot of good material.
Bradley, Roshier and Spencer showed
that they are going to make fine mid-
dleweights. Bradley had too long a
reach for Roshier and used a straight
left to great advantage. The latter
has a very short reach for his weight
but with more experience will over-
come this natural disadvantage by
becoming more familiar with the
tricks of in-fighting, where his short
reach and hard punch will be a great
advantage.

Ferrier and Wilkins put up a splen-
did contest. Ferrier, with the harder
punch won a very evenly contested
bout. Elkington, who had the ad-
vantage of several pounds over his
opponent got rather the better of an
exhibition with Gillanders.

The wrestling was up to a high
standard, McLean, whom "The Star"
has called "a new Cuzeen," proved
too heavy for Routhwait. Andette
and Davies and McPhail and Ford
put on very good exhibitions. Hamil-
ton and Doran of the M.A.A.A. threw
one another about in great style and
gave a very interesting bout.

Tucker threw Millar in the novices
middleweight class, the latter un-
luckily sustaining an injury to his
shoulder. The times of the classes
will be as last term: Monday at 7.15
Friday at 5.00; and Saturday at 4.00.

ORCHESTRA TO PLAY WHILE FUSERS TEA IN THE GRILL ROOM

In Future on Saturday After-
noon Students will be able
to offer Refreshments to
their Lady Friends

A new departure is to be made in
the Union. Commencing this week
tea will be served in the grill-room
for ladies from four o'clock on every
Saturday afternoon. Mr. Shew, the
enterprising caterer, has installed
small tables for two around the
walls and will decorate the room in
suitable manner for these occasions.

In addition to this every Saturday
night there will be a special dinner
with an orchestra in attendance.
These repasts will be called hockey
dinners, basket-ball dinners and so
on. The idea being that those fortu-
nate enough to be present will talk
hockey matters while the meal is in
progress. The following week it will
be basketball evening and so on
throughout the year.

It is expected that many of the
college "fussers" will take advan-
tage of these Saturday afternoon teas
to show the many advantages of the
Union catering department to their
fair friends.

Dubleigh—"Your little dog barked

cannot."

THE MCGILL MANAGER RECEIVED A LETTER FROM A HOCKEY FAN

Anonymous Letter Bears
Witness to the Interest felt
by Canadian in the States
in Regard To the Hoc-
key Game

Canadians in Boston take a great
interest in the games played there
by McGill as the following anonym-
ous letter received early last week
by Manager Reid of the McGill team
testifies.

Boston, Dec. 26, 1912.

Manager McGill
Hockey Team.

Dear Sir:—

I understand that your team
plays the B.A.A. here January 2nd.
If so, for the honor of Canada show
these Yankees that there is one game
at which we can hold our own; they
have beat us at about everything else.
You will have a much harder job to
beat the B.A.A. this season than you
had last, as they have about made
up their minds to be the amateur
champions this winter, and they cer-
tainly have got their team work
down to a science. They are having
you play Yale the night before so
that they may have a chance to size
you up, but your second string men
had ought to defeat them (Yale)
easily, thus keeping your best men in
reserve. About half the fans that at-
tend the games are Canadians, as
you have probably noticed by the ap-
plause and they certainly will go
away awfully disappointed if you do
not live up to the reputation you
made last year.

Yours hopefully,

A CANADIAN.

THE AUTOMOBILE SHOW IS WORTH OF VISITING

Exhibition is Larger Than
Ever This Year

Montreal's Annual Automobile Show
bigger and better than ever, opened
on Saturday afternoon at the Drill
Hall on Craig Street, and an over-
flow section in the 65th Armoury on
Pine Avenue. The show will continue
all week. It is by all odds the most
elaborate display of cars and trucks
ever seen in Montreal.

Of special interest to commercial
men are the many trucks, designed
for all purposes. Of special interest
to Science men are the sections of
gearing and engines displayed so as
to show their action.

A feature is the big Curtis Hydro-
Aeroplane, which is in the 65th Ar-
moury. It is rumoured that a first-
class aviator may be secured to make
a flight over the Harbour, if such is
the case Montreal people will have an
opportunity to see the wonderful de-
velopment that has been made with
the flying machine during the past
twelve months.

In the Automobile Show, proper,
some 250 cars are displayed. They
represent the best of Canada, the
United States, and Europe. Many are
luxurious, closed cars, designed with
a view of making winter driving
comfortable. There are many low-
priced cars on exhibition; cars within
the reach of the man of moderate
means.

That wonderful progress has been
made in motor car construction is
obvious. Cars are designed for every
conceivable purpose. Not only are
cars built for pleasure, but for all
professional and business purposes.
Owners of automobiles or prospective
owners, will do well to visit this dis-
play, and see for themselves what an
advance has been made and what a
variety of styles there now are.

ROYAL MILITARY COLLEGE

There are few national institutions of more value and interest to the country than the Royal Military College of Canada. Notwithstanding this, its object and the work it is accomplishing are not sufficiently understood by the general public.

The College is a Government institution designed primarily for the purpose of giving instruction in all branches of military science to officers and Cadets of the Canadian Militia. In fact it corresponds to Woolwich and Sandhurst.

The Commandant and Military instructors are all officers on the active list of the Imperial army, lent for the purpose, and there is in addition a complete staff of professors for the civil subjects which form such an important part of the College course. Medical attendance is also provided.

Whilst the College is organized on a strictly military basis the cadets receive practical and scientific training in subjects essential to a sound modern education.

The course includes a thorough grounding in Mathematics, Civil Engineering, Surveying, Physics, Chemistry, French and English.

The strict discipline maintained at the College is one of the most valuable features of the course, and, in addition, the constant practice of gymnastics, drills and outdoor exercise of all kinds, ensures health and excellent physical condition.

Commissions in all branches of the Imperial service and Canadian Permanent force are offered annually.

The diploma of graduates is considered by the authorities conducting the examinations for Dominion Land Surveyor to be equivalent to a university degree, and by the regulations of the Law Society of Ontario, it obtains the same exemptions as a B.A. degree.

The length of the course is three years, in three terms of 9½ months each.

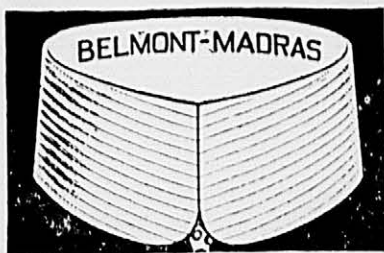

The total cost of the course, including board, uniform, instructional material, and all extras, is about \$800.

The annual competitive examination for admission to the College, takes place in May of each year, at the headquarters of the several military districts.

For full particulars regarding this examination, and for any other information, application should be made to the Secretary of the Militia Council, Ottawa, Ont., or to the Commandant, Royal Military College Kingston, Ont.

HOCKEY TEAM WAS DEFEATED

(Continued from page 1). The Boston Amateur Athletic Club. The following account of the game appeared in the local papers on Friday.

At no time were the Canadians dangerous. They lacked team work, and but for the beautiful defensive work of Rankin and Montgomery the score would have been much larger. Boston's team work baffled the Canadians, and on every dash down the ice four wearers of the unicorn were always absent. Getting by the defence they would then draw Montgomery out and cage easy goals. For seven minutes the two teams battled back and forth until finally Hicks for Boston drew first blood. After the whole Boston team had swept down the ice he slipped the puck past Montgomery, the disc never leaving the ice. McGill then braced and held the Bostonians safe until within two minutes of the end of the half, when Clifford made the prettiest play of the game; getting the puck in front of his goal, he waded through the whole McGill seven, drew Montgomery out and scored. The half ended with Boston leading 2 to 0. Before the second half had gone two minutes Osgood and Hornblower both scored for Boston. Here again McGill braced, and after two more minutes Wilson and Thompson both scored, thus renewing the hopes of the many Canadian rooters who were present. This stand did not last long, as Hornblower soon followed with a score after the Boston forwards had swept past the defence. This was quickly followed by another count by Osgood aided by Foster, whose individual play brought the puck from his own goal through the whole Canadian seven, drawing Montgomery out and passing the disc to Osgood, who scored easily. Wilson two minutes later found a hole by Canterbury and slipped the puck through after a scrimmage. Hornblower scored the final Boston score on a beautiful shot from the side of the rink, after 13 minutes had been played. The final goal was made by Wilson after a beautiful dash by Rankin up the ice. For the rest of the game both sides peppered their opposing goals, only to find them impenetrable.

The following were the teams:— McGill. Boston. Kendall... Left wing... Osgood Wilson... Centre... Clifford Thompson... Rover... Hicks Wickson... Right wing... Hornblower Rankin... Cover point... Huntingdon Hughes... Point... N. Foster Montgomery... Goal... Canterbury Goals—1st half; Hicks, 7 mins.; Clifford, 23.45.

Second half; Osgood, 1.21; Hornblower, 1.55; Wilson, 4.01; Thompson, 4.22; Hornblower, 5.43; Osgood, 6.42; Wilson, 9.41; Hornblower, 12.28; Wilson, 15.51.

Stops—Canterbury, 9; Montgomery 14. Penalties—McGill, 11; Boston, 6. Referee—Dr. J. Tingley. Assistant referee—J. Norfolk. Time—25 minutes.

THE C.O.T.C. TO HAVE UP-TO-DATE ARMOURY IN THE NEAR FUTURE

Militia Authorities to Equip the Joseph House for This Purpose

The McGill branch of the Canadian Officers Training Corps is soon to be in complete possession of a modern armoury, which will more than fill every need. This the gist of a statement issued last week by Prof. McKergow, who is the acting head of the C.O.T.C.

After communicating with the Militia authorities at Ottawa and the University authorities it was decided the Joseph House could be used. This is accordingly being fitted up by the military authorities, in the most approved manner. Janitor service, heat, etc., are being supplied by them, everything will be most complete.

In the meantime the corps will continue to drill in the Royal Scots Armoury and the next drill takes place on Wednesday at 5 o'clock. It is hoped that the new home will be ready for occupation this month.

A CLUE.

"Doctor," said the Vicar one Sunday, "I was so sorry for your wife this morning. She had such a dreadful fit of coughing that the eye of the whole congregation were fixed upon here."

"Oh, don't be unduly alarmed," said the doctor. "She was wearing her new hat for the first time."
